## Project method

A procedure was written to describe the process for making applications to the Court of Protection for authorisation of deprivation of liberty in supported living and domestic settings where the CCG is the applicant. A separate spreadsheet has been written to estimate the costs to the CCG to assist with financial planning.

## Project results/evaluation

- Gave assurance to the CCG Senior Managers that an effective and efficient system is in place to make DoL applications to the Court of Protection
- Provides the Continuing Health Care team with a process for identifying possible deprivations of liberty and a procedure for assessment and making applications.
- Helps ensure that all appropriate applications will be made thus ensuring peoples human rights are protected.
