

ALL OF THESE STUDENTS ARRIVED LATE AT SCHOOL TODAY.

One of them had to get their mum out of bed, make sure she had taken her medication and then get their younger brother off to school.

DO YOU KNOW WHO?

Things aren't always what they seem...

Young people who miss school, arrive late, do not complete work or are tired and distracted might be caring for a family member. There are 175,000 young carers in the UK. There could be up to 30 in the school, you might have one in your class.

Often they don't let on about their home life as they are worried about what might happen. Sometimes they feel that school is a place where they can just be like everyone else. But there is plenty we can do to make sure they still get to enjoy being a young person whilst respecting their caring role.

If you think a young person might be caring for someone at home contact:

NONE OF THESE STUDENTS HANDED IN WORK THIS WEEK.

One of them didn't because their dad has been taken into hospital again and there is no-one else to look after their brother.

NONE OF THESE STUDENTS TURNED UP FOR LAST WEEK'S TRIP.

One of them didn't because their mum has been taken to hospital and they are staying with grandparents 100 miles away.

ALL OF THESE STUDENTS FELL ASLEEP IN LESSONS THIS WEEK.

One of them had been up all night with their dad who gets depressed.
