W7	<p>Mencap</p> <p>Web: www.trans-active.org.uk</p>	<p><i>Trans-active</i></p>	<p>Young people with and without a learning disability.</p> <p>Multimedia web site resource of accessible information about planning process for young people aged 13-25. Idea is to create a multimedia 'passport' about transition for individuals. Pack also available. Has two main areas – a 'TeenZone' for young people with learning difficulties and an area for 'parents, carers and teachers'. The 'TeenZone' is divided into 4 areas where young people (with help) can access; a 10 level game that explains transition, a description of the Trans-active project, Beat-box, which is music produced by the project and 'The bedroom' which contains music, fun, graffiti and games. The area for parents, carers and teachers covers news, 'about trans-active', the process, the Passport, the rewards, the package, the people and how to make a transition passport.</p>	<p>Not very easy to locate via the Mencap site or via a search engine. Need to have Macromedia Flash Player 7 installed. 'TeenZone', although presented in an accessible format would be best used in conjunction with a supporter. 'TeenZone' is also in audio format, with voices of young people with learning disabilities. The information zone covers wide range of aspects of transition and the trans-active project itself. Would be especially useful for schools undertaking transition planning.</p> <p>No information on updates.</p>
