

Step 8: What do other partners think about this plan?

This step is about talking to other local people and organisations about the information from steps 1-7. This helps everyone to understand the strategy and they can give feedback.

How can I contribute to this step? Some examples:

I help to decide which people and organisations should be involved in this step.

I help decide the best way of explaining the strategy to different people so they can be included.

I speak with people and organisations about housing for autistic adults and adults with a learning disability and why it is important.
