

Roundtable Discussion

- Shaun Jones (Head of Assurance and Delivery, NHSE)
- Matthew West (Senior Programme Lead, BCST)
- Cliff Dalton (Head of Local Government, CIPFA)

14.35 – 15.00

Notes from the roundtable discussion

- **Social care spend** – claiming back the VAT could be an issue for the CCG; it is therefore better for the Council to lead a pooled budget. The council can then passport the VAT claim money back to the CCG. (An action from this discussion was that Matt West would raise this with the Treasury.)
- **Planning Return Template** – there was a question on the quarterly reporting around having a pooled budget. It was argued that this should be changed to an 'aligned budget'/description on budget arrangements. (The action from this was that Matt was to follow up with National Team.)
