

Supporting Primary Care with implementation of the MCA/DoLS

David Blain

d.blain@nhs.net

Project method

The development of an audit tool to measure compliance against the main elements of the MCA Code of Practice for GP MCA policies and procedures. Random and anonymised selection of 50% of current practice policies and procedures for MCA that were submitted to the CCG Contract Management Team. Generic policy then developed and provided for all GP practices supported by the purchase of hard copies of the MCA code of practice utilising some of the funding provided by NHS England.

Project area classification
